

# SAFE MEDICATION DISPOSAL

FOR YOUR *FAMILY*, FOR YOUR *FRIENDS*,  
FOR YOUR *COMMUNITY*

A medication drop box at a pharmacy or law enforcement agency is a safe way to dispose of all unused, unwanted, or expired medication.

## BENEFITS OF USING A MEDICATION DROP BOX FOR SAFE MEDICATION DISPOSAL

- Provides easy access that can be used at convenient times
- Protects the environment by keeping medication out of soil and water
- Prevents accidental overdose or poisoning
- Helps prevent prescription drug misuse
- Increases community safety
- Prevents medication from being retrieved from trash

WE CAN HEAL KENTUCKY TOGETHER

# REMOVE UNUSED OPIOIDS FROM YOUR HOME

## KEEPING UNUSED OR LEFTOVER OPIOID PAIN MEDICATION IN YOUR HOME CAN HAVE SERIOUS RISKS

51% of people who misused pain relievers reported the source was “given by, bought from, or took from a friend or relative.”

Children can accidentally take medication that is left in the home. Unintentional opioid exposure can lead to emergency room visits, overdose, and death.

Opioid pain medications include:

- Hydrocodone
- Oxycodone
- Methadone
- Tramadol
- Morphine
- Codeine
